PORT ARTHUR MAY BE IN ITS DEATH THROES

The Fiercest Attack Yet Made is Now in Progress.

Gen. Stoessel Refuses to Surrender---Hundreds of Japanese Killed by the Russian Mines.

GENERAL KUROPATKIN'S FLANK IS TURNED

Rome, Sept. 24.—According to a telegram from Chfoo, the Japanese commanders about Port Arthur have sent another demand for surrender to Gen. Stoessel. The exterior forts, says the telegram, are now in the hands of the Japanese, while three interior forts were wrecked by the Japanese srs. Gen. Stoessel refused the demand for surrender, in which event a general assault with more determination than ever yet employed will be begun tonight.

URGES DESPERATE EFFORTS.

Tien Tsin, Sept. 24.—It is reported here that Field Marshal Oyama sent a message to the Japanese commanders about Port Arthur urging them to make desperate efforts to take Port Arthur within the next three days, so as to release fifty thousand Japanese troops that are in the campaign against Gen. Kuropatkin.

CHOLERA AT PORT ARTHUR.

Kinchow, Sept. 24.—Russian naval officers here have received official information which states that cholera has broken out in Port Arthur, and it is feared the sickness will become epidemic.

HEAVIEST BOMBARDMENT YET.

Chfoo, Sept. 24.—The heaviest bombardment since the land attack began on Port Arthur, opened Sept. 19. The new Japanese guns firing two shots a minute were trained on the fortifications and fighting lasted twenty-four hours, followed by a cannonade minor of fierceness which lasted 48 hours. Slight gains by the Japanese are reported.

VESSELS ARRIVED SAFE.

London, Sept. 24.—A private telegram from Nagasaki reports the safe arrival there of two vessels loaded with valuable machinery for the Tokio arsenal. The machinery was shipped from England. The Russian volunteer cruiser Smolenek and Petersburg had been in South African waters for some days for the purpose of intercepting these vessels.

RUSSIANS WORSTED.

Mukden, Sept. 24.—Both the Russian flanks were turned in a battle near here. It is impossible for Gen. Kuropatkin to make any serious attempt to hold Mukden and the Russian army is concentrating at Tieling.

DRIVING THE RUSSIANS.

Berlin, Sept. 24.—The Tokio correspondent of the Tagblatt reports that Field Marshal Oyama is driving the Russians at Mukden northward and has succeeded in turning both Gen. Kuropatkin's flanks. The Japanese cavalry patrols, the correspondent says, have reached the vicinity of Tieling Pass.

GENERAL DISMISSED.

London, Sept. 24.—A report from St. Petersburg asserts that Gen. Orloff, who has been severely criticized for his actions at the battle of Liao Yang, and blamed for permitting the turning of his troops which caused the Russian retreat from Liao Yang, has been dismissed from the army. Gen. Kuropatkin recommended his dismissal.

KILLED WHOLE REGIMENT.

Berlin, Sept. 24.—Tokio correspondent of Lokal Anzeiger telegraphs that a Russian underground mine exploded at Port Arthur during the recent attack, annihilating an entire Japanese regiment.

MAY BE FINAL BATTLE.

Paris, September 24.—A St. Petersburg correspondent telegraphs: "Telegrams of which the general staff have as yet no knowledge have reached the emperor. I can affirm they concern Port Arthur, regarding which place the greatest anxiety pre-

EXPLOSIONS KILL SEVERAL PEOPLE

Boiler Let Go Near Raleigh, N. C.

Four Were Killed and Seven Hurt—Train Strikes a Load of Dynamite.

MANY ARE KILLED OR HURT

Raleigh, N. C., Sept. 24.—The boiler in the gin department of the mammoth cotton mill, Erwin No. 2, at Dukes, on the Cape Fear and Northern railroad, about twenty-five miles from Raleigh, exploded with terrific violence, partially wrecking the engine-room, instantly killing three white men, one of whom was the superintendent of the mill, and one negro. Another negro was scalded so badly that he will die.

The dead are Henry C. Fowler, of Burlington, general superintendent of the mills; Lee Hirsch, fireman; H. G. Braxwell, George McLean, colored. Fatally scalded, Henry Wall, colored.

Both the latter were employees of the mill. From the best information obtainable it seems that the old fireman of the mill having just been discharged, the new man not thoroughly understanding the engine, had gotten up too much steam.

HIT WAGON OF DYNAMITE.

Cumberland, Md., Sept. 24.—Fast freight No. 94 on the Baltimore and Ohio railroad struck a wagon loaded with dynamite at the crossing at Northbranch, W. Va., four miles east of here. Two persons were killed and nine were injured, three of them seriously.

The dead are C. Walter Whitehair, front brakeman; Brunswick; Nelson Pike, Martinsburg, veteran engineer, scalded all over and internally, lived two hours.

The injured are A. B. Sanders, fireman, North Mountain, W. Va., arm broken, scalded on face, body and hands. Charles Hamilton, B. and O. operator and paymaster at North Branch, cuts on face and body. Scott Hamilton, Little Orleans, Md., cuts in face and body, at least fifty in number. James Ashkettle, Little Orleans, cut in face. Mary Twigg, Old Town, cut in face. Raymond Hamilton, cut in face. Maud Sibert, cut in face. James Laing, aged 21, who was driving the dynamite wagon, cut on leg and ear drum fractured.

The Baltimore and Ohio tower was wrecked, as were several residences nearby.

James Laing, who drove the wagon, escaped with only trivial injury, as did the two horses, although the latter were blown fifty yards into a field. According to eye-witnesses, Laing, hearing the train, became terrified and stopped on the track.

The engine was overturned and stripped and seven cars following, loaded with high grade merchandise, were broken, several being demolished. The tracks were thrown out of bed, while rails were snapped like pipestems. The wires were torn down, and relief was telegraphed for after going to Patterson's Creek on a handcar.

Engineer Pike was held under iron scraps on top of the boiler while being slowly cooked to death. It required four men to extricate him. The explosion knocked nearly every person in the neighborhood down, hurled Hunter Bowen through a roof, but did not hurt him, and three parts of the engine 200 yards.

A \$300,000 BLAZE.

Minneapolis, September 24.—The main building of the State University was destroyed by fire today. The loss is three hundred thousand dollars.

NEW SCHOOL WAS ORDERED BY BOARD

A \$6,000 Structure to be Erected in Mechanicsburg.

Tyler Will Possibly Soon Be Annexed to the City—French Added to the High School Curriculum.

THE BOARD MET LAST NIGHT

The board of education met last night in special session to take action seeking relief for the public schools, which are in some instances overcrowded, the teachers being unable to handle the pupils to best advantage.

The most important matter considered was that of funding a debt to build a new school house in Mechanicsburg. The laws allow the schools to fund a debt, but the debt has to be created and the board will at the next meeting probably order the construction of an eight room building costing about \$6,000. When the debt has been created then the board can find it and ask the city an additional 10 per cent.

"The idea of the board members," one member of the board stated this morning, "is to build an eight-room school. The attendance in Mechanicsburg has been rapidly increasing the past two years and from an attendance of less than 50 for the small Langstaff school the patronage has increased until now the attendance at that school is 129, one teacher having in her class 79 pupils. So crowded is this school that we had to order half sessions, which means that the teacher teach half the pupils in the morning and the other half in the afternoon. The distance to the Franklin building is great and the residents in that section of the city want a school more accessible to their children. They pay taxes and are entitled to it."

Another matter which will be important in the consideration of the new school is that Tyler, the suburb on the Benton road, will probably be included in the city limits soon, and the children in Tyler will be coming to Paducah schools. This will bring many more pupils in, and the board seems to think that the new school is absolutely necessary and will be a wise provision for the future.

There was some talk of building one more room to this school, the Langstaff, but this expense would be unnecessary if the board decided that the new school will have to be built.

The board ordered a new study placed in the high school. French was added to the course, making a total of 21 subjects for the entire four years of the high school. Miss Stewart will be the teacher and the subject will be added immediately. The Freshmen and Sophomores will not be allowed to take this study up but next year it will be allowed the Juniors, it is stated. This year it will be taught in the twelfth grade only.

The twelfth grade is composed of those who graduated last year and the class had a total enrollment of about eight pupils.

The board closed a contract with Prof. M. V. Miller, of the Tyler neighborhood, to take charge of the Littleville school Monday. The building is all ready for occupancy and Prof. Miller will start his school Monday.

The attendance the past week in the city schools was reported good. The pupils have settled down and the teachers are getting excellent work out of them. Every indication points to the most successful year in the history of the schools.

OFFICER AUSTIN BETTER.

From latest reports from Vicksburg, Miss., where Patrol Driver John Austin lies in a serious condition, the result of being sandbagged, the patient is better. City Jailor Tom Everts, who went down to look after him, telegraphed here that "Austin is much better." Jailor Everts will remain until the Paducah officer gets well enough to be removed, and will then bring him home.

TOBACCO GROWERS MEETING TODAY

Representatives From Many Counties Gather at Guthrie.

Growers to Organize For the Purpose of Controlling Prices in the Future.

FORMATION LASTS A YEAR

Clarksville, Tenn., Sept. 24.—Representatives of sixteen counties of Tennessee and Southern Kentucky, which are included in the great Clarksville dark tobacco growing district, are here today for organization along substantial business lines for the purpose of combatting the tobacco trusts and agreeing upon plans for holding their tobacco in the future for better prices. It has been shown that the tobacco crop of 1903 was sold by many of the farmers to representatives of the tobacco trusts for less than the cost of production, and hence at a considerable loss to the planters. This policy resulted from the fact that the farmers considered that they were practically at the mercy of the trusts and had to accept their prices if they sell their tobacco at all. Hence the meeting today called for the purpose of forming a permanent organization and agreeing upon plans for successfully fighting the trusts and forcing them to pay better prices for tobacco.

The district represented embraces principally the counties of Cheatham, Montgomery and Robinson in Tennessee; the counties of Logan, Todd, Christian, Triggs and Caldwell in Kentucky. In this district is produced the dark fired tobacco, which with the exception of a small portion of the crop that is sold to domestic snuff factories, is raised for export.

The product goes to France, Spain, Germany, Italy and Austria, and comprises the bulk of the tobacco that comes from America to those countries. It is claimed by the promoters of the organization that the exporters and the foreign buyers make a big profit on the crop of the Clarksville district from the time it leaves the hands of the grower until it reaches the hands of the foreign manufacturers, and the object of the association is to eliminate as much as possible the middlemen's profit. By holding the entire crop until there is an urgent demand for it the home people think that they can get a much better price than they have been in the habit of receiving.

The crop of dark fired tobacco in the Clarksville district this year is estimated at 60,000 hogheads, or 90,000,000 pounds, which is valued at four cents a pound, or \$6,000,000.

The move for the organization of the Dark Tobacco Growers' association which, it is said, is the name selected for the new organization, has been in progress for more than a year. Meetings have been held at different times at Hopkinsville and Paducah, and at Clarksville, Tenn., and quite an interest has been awakened on the part of the growers. It is claimed that the association when properly organized will be backed by capital sufficient to enable the growers to hold the crop until the market shows a good price, even if the conditions make it necessary to carry the entire crop to another year.

MRS. THOMAS E. MOSS VICTIM OF TYPHOID

Prominent Paducah Woman Dies Very Unexpectedly.

She Was From a Prominent Indiana Family, and a Woman of Very Fine Intellect.

FUNERAL IN THE AFTERNOON

Mrs. Margaret Anna Bright Moss, wife of Major Thomas E. Moss, the well known attorney at law, died this morning at 6:30 o'clock at her residence, 1910 Broad street, of typhoid fever of ten days' duration. In the death of Mrs. Moss, Paducah loses one of her most prominent and lovable church workers and citizens.

The deceased came from one of the most prominent families in the state of Indiana. She was the daughter of Jesse D. and Mary J. Bright, and was born in Madison, Ind., August 1st, 1839. Her father was at one time lieutenant governor of the state of Indiana and also for eighteen years a United States senator from that state. The deceased moved to Carrollton, Ky., at the mouth of Kentucky river, and from there to Covington, Ky., and at Covington on February 28th, 1870, married Attorney Thomas E. Moss, and moved to Paducah to reside.

Mrs. Moss leaves a husband, Major T. E. Moss, a brother, Jesse Bright, of Columbus, O., two sisters, Mrs. Lawrence Riggs, and Miss Georgia Bright, of Baltimore, and three children, Mrs. Mary Wheat Moss, of Manila; Dr. Thomas Moss, of Woodville, and Attorney Jesse Moss, of the city.

The deceased was a devout church member and was a member of the United Daughters of the Confederacy. She was a woman of exceptional intellectual abilities and was loved by all who knew her. Mrs. Moss was once a well-known belle of Washington, D.C., where her father lived during sessions of the senate. She also spent a great deal of time in her youth at New York City, with relatives. She received her education at Washington and was prominent in all social functions.

Mrs. Moss was taken ill about ten days ago and at first was not thought to be in a serious condition. She developed a very severe case of typhoid fever and her death will come as a shock to her many friends.

THEATRICAL NOTES

AT THE KENTUCKY NEXT WEEK Tuesday night, "The Tenderfoot." Thursday night, "Sign of the Cross."

The formal opening of The Kentucky for the season 1904-1905, will be Tuesday night, when Richard Carle in his famous musical comedy, "The Tenderfoot," will be seen in this city for the first time. The company is one of the best on the road this year, and the cast includes sixty people, and carries two car loads of special scenery.

Christian girl, Mr. Walter Law was superb. His honors are divided, however, by Miss Dorothy Lambert, as the maiden, Mercia. Of the other players much might be said in praise, but the points of excellence are too many for enumeration."

Mr. E. Dick Harrison, manager of the Frank Dudley Company now playing at The Kentucky, is an old friend of Prof. John Dean, the bandmaster. Prof. Dean and Mr. Harrison traveled on the road together for many

THE SEMINARY GIRLS WITH RICHARD CARLE IN "TENDERFOOT."

The music is by Mr. H. L. Heartz, who is also the composer of "Miss Simplicity." It is a succession of bright, sparkling, tuneful melodies, a number of which are already included in the popular repertoire.

Mr. Carle is supported by an excellent cast, which includes the following well known artists: Edmund Stanley, Henry Norman, William Rook, Charles A. Morgan, Francis Knight, Nellie Lynch, Beatrice McKemize and Minerva Courtney. The chorus is a numerous and fine one and from a singing standpoint, has rarely been surpassed in this country.

SIGN OF THE CROSS.

That a great treat is in store for theater-goers of this city, will be verified on Thursday night, September 29, with the original London production of

years in the Belle Gilbert Company. Mr. Harrison was then manager of the Gilbert Company and with Mr. Dean talked over old times.

The Dudley company is the best Mr. Harrison has ever been at the head of, he states, and is surprised that the houses here are not nightly packed. Mr. Harrison has been on the road for many years and had managed many good repertoire companies but always wanted to get one which he could feel was rightfully "the best" on the road and he says his hopes and ambitions have at last been realized.

The Frank Dudley company, to a fairly large house last evening, presented "Dr. Jekyll and Mr. Hyde." This popular and talented young actor won many additional admirers for his clever and difficult work, and his sup-

and the audience was well pleased. It is remarkable that this company, the best in repertoire ever in Paducah, has not packed the house every night. It deserves it.

Prof. Wm. Deal's band furnished the music at the Confederate reunion at Earlinton, and received much praise for the excellence of its programs. It made quite a hit with the people there, and the people made quite an impression on the band for their hospitality.

Harry Beresford, who will be here later on, under the management of J. J. Coleman, opened his season at Allentown, Pa., on August 27, in Charles T. Vincent's farce, Our New Man.

Henrietta Crossman will probably appear next year in Mary, Mary, Quite Contrary, which was temporarily shelved owing to her engagement for Sweet Kitty Bellairs.

The Harvester, Otis Skinner's new play, will have in its cast Lizzie Hudson Collier, J. M. Colville, George Clark, Marion Abbott, Walter Lewis, Ben T. Ringold, and Russell Crawford.

Thomas Jefferson, a son of Joe Jefferson, began a thirty weeks' tour of Rip Van Winkle, in Lebanon, Pa., on September 14.

Adelaide Thurston, under the management of Frank J. and Claxton Wistach, who will be here this season, started her fourth starring season at Norfolk, Va., September 22. The company which will support Miss Thurston in Polly Prime includes John Terriss, Frederic Kerby, James R. McCann, Willis Baker, Frederick Squires, George A. Weller, Roland Wallace, Eddie Thomas, Joseph Brankin, Lizzie Kendall, Marion Holcomb, and Pearl Hammond. Treasurer Francis X. Hope, business manager, Frank W. Caldwell.

Grace Cameron, who made such a hit in Paducah in "A Normandy Wedding" but now, of the Pitt, Pa., Post company, was married to H. Winslow Kenworthy, a non-professional, of Storm

Lake, Iowa, in New York, on September 17.

The Pacific Coast trip planned for Tim Murphy has been abandoned. Having opened the season in New Orleans he will play a hurried trip through Texas and up the Mississippi Valley on his way to fill important time in a few Eastern cities prior to the New York opening which his success in Two Men and a Girl and When a Man's Married has made for him.

A SCENE FROM THE SIGN OF THE CROSS.

Wilson Barrett's great religious drama, "The Sign of the Cross." The play has been commended by many eminent authorities for its beneficial moral influence, but it is certainly not lacking in the element of intense interest and the opening performances of the present run provoked storms of the most enthusiastic approval. The work of the present company is of a remarkably high order. As the splendid Marcus, lord of Rome and slave of a

port was good, although there is little in the play outside of the work of Mr. Dudley himself. To say that his conception of the character is an intelligent one would hardly do him justice. It is exceptionally good, and Richard Mansfield himself could hardly improve on the way Mr. Dudley plays the part. In fact, it is divested of many of the ghastly details that Mr. Mansfield gave in his interpretation. Everything about the play was good,

"DO IT TODAY."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use a few days will cure you completely. No matter how deep-seated your cough, even if lung consumption has attacked your lungs German Syrup will surely effect a cure—as it has done before in thousands of cases of lung trouble. DAILY THOUGHT.

Away with sorrow and the sight
Heaven's rainbows are unfurled;
One star, dear, in a stormy sky,
May light a lonely world!

THE WEATHER.

Showers tonight. Sunday partly
cloudy. Cooler Sunday.

SINCERITY VS. EXPEDIENCY.

Wide circulation was given last Sunday through the democratic press to Judge Parker's letter to Mr. Parker, of the democratic Bureau of Literature, asking that there be no word in the democratic textbook reflecting upon the personal honor and integrity of President Roosevelt. The letter follows:

My Dear Mr. Parker—The "Times" of this morning says that the party text book is about prepared, and that it will go to the printer in a few days. Therefore I hasten to beg you to see to it that there is no word in it that reflects upon the personal honor and integrity of President Roosevelt.

An "Evening Post" editorial indicates but little care was taken in that direction towards myself by the compiler of the republican text book, but let there be no rejoinder in kind or otherwise.

I feel confident that you need no reminder, still my anxiety impels me to send you this caution. Very truly yours,

ALTON B. PARKER.

Mr. George F. Parker,
It was certainly a very pretty play for the candidate to make, particularly as he coupled with this request to Mr. Parker the reflection that the republican text book had contained reflections upon his own personality, a statement wholly devoid of truth. It is well, however, to analyze Judge Parker's telegrams and letters to see whether they are sincere or merely expedient. One week after Judge Parker's virtuous letter of August 17 Mr. Joseph Pulitzer printed in his New York "World" an editorial attacking very severely the record of President Roosevelt and reflecting most emphatically upon the president's honor and integrity. In the "World" of August 24 we find the following dispatch:

"Kingston, Aug. 23.—After reading Mr. Pulitzer's editorial in this morning's 'World,' Mr. Parker gave the 'World' correspondent the following signed statement, the first signed statement he has ever given: 'A vigorous, trenchant, notable letter. It should be read, marked and digested by all.' Alton B. Parker."

It would then seem that Judge Parker does not object to attacks upon the honor and integrity of President Roosevelt when they appear in a democratic newspaper, although he may not consider it expedient that such attacks be made in

the campaign text book.

Judge Parker's letter bears the date of August 17. A week later the democratic national committee began distributing a document entitled "What Roosevelt says," containing the following:

"Farmer—Mr. Bryan and his adherents have appealed to the basest set in the land, the farmer." Speech before New York Wool Exchange, October 27, 1896. Reported in New York "Journal," October 28, 1896.

When this document was printed the authenticity of the above quotation had been denied over and over again by President Roosevelt and its repetition therefore was the strongest kind of a reflection upon his "honor and integrity," yet the document is still in circulation and Judge Parker has not lifted his voice in protest.

So far during the campaign no reflection whatever has been made upon Judge Parker's honor and integrity, while on the other hand almost the entire attack of our opponents has been against the honor and integrity of President Roosevelt.

THE BOLTING BEGINS.

New York democracy has struck a snag already, and the Evening Post has bolted the ticket. As soon as the nomination of Herrick was made public it said: "The Evening Post can not advise any body to vote for D. Cady Herrick. His ability we don't question. On the bench so far as we know, he has been an impartial judge. But are we to attack Odellism with a candidate adept in all the disreputable arts of democratic politics in Albany county? Are we to preach judicial propriety while nominating a man who has been a local party boss through a judge? It will be said that Herrick was a useful organizer for Mr. Cleveland. So was the notorious Raisin of Baltimore, but that does not fit him to be governor. That Mr. Herrick has long been Hill's enemy will be brought forward as a conclusive argument, but that alone is not enough. No, earnestly desiring, as it does, the success of the democratic national ticket, the Evening Post has its own character and consistency to sustain, and will not support Herrick for governor. In passing by Jerome and Shepard to nominate him, the democratic convention deliberately threw away its great opportunity."

It is intimated that other papers will follow suit. Herrick seems to be one of the weakest men they could have put out. The disaffection in the ranks further reduces their chances of carrying the state for Parker, and their chances were always slim enough.

The Smithland Banner thus exposes one of the prevailing evils in local opinion towns, and districts: "Another thing we may expect and that is for the lumberjack juries that try these indictments to turn about half of the violators loose on the flimsy pretext of a reasonable doubt, when in truth their real reason will be that they themselves love their 'toddie' and they don't want the blind tiger business broken up for they themselves like to be 'exhilarated' occasionally. The open and notorious violation of the Prohibition law of this county is a burning disgrace and will remain such till the good citizens in every community where blind tigers are run take the matter into their own hands," etc.

LOST HIS TICKET.

Winston Griffith, colored, who is badly crippled, hobbled into the city hall yesterday and reported the loss of a ticket over the N. C. & St. L. road to Memphis and return. He was given the ticket by Superintendent W. J. Hills and lost it, he thinks, on Broadway. The railroad officials have instructed conductors to watch out for the transportation and the finder of the ticket will return it to the city hall. Griffith is working his way to Hot Springs.

One man was killed and another perhaps fatally injured by an explosion in a powder factory near Jellico, Tenn.

BOARD OF WORKS
TO START CRUSADEWants the Ordinances Enforced
or Repealed at Once.

Ten Dollars a Day Lost By People on
Account of Sweeping Dirt off
the Streets.

DITCHES CAUSE BAD STREETS

The Board of Public Works desires that all ordinances affecting departments over which the board has control, such as the streets, market house, light plant and such things, be either enforced or repealed. It has asked that the ordinance relative to awnings be enforced, changed or repealed, and that the one preventing the sweeping of trash and such things onto the streets be enforced.

The board has done another good thing, and that is has decided to ask the city to have the ordinance enforced relative to replacing the streets and alleys in condition after excavations have been made for pipes of various descriptions. "There is no use in our spending hundreds of dollars graveling, repairing or rolling the streets," declared a member today, "and trying to get the streets to look well and be smooth to travel over, when the city allows anyone to tear up the streets in any place at any time in any way, and never tries to force such persons to put the street back as they found it, which is the law require. Now I am not saying whose fault this is, but we say, 'enforce the ordinance, or take it off the books.'"

"Those who dig into the streets are required by law to put back the streets in good condition, and they don't do it. They shovel the dirt back any old way, and nothing is ever done about it. We don't propose to stand for it. You can go over this town anytime and you'll find that all the bad places in the streets had their origin in these ditches dug for pipes and such things."

The board is disgusted with the way the city has done in regard to sweeping trash, dirt, paper and such things onto the streets and pavements. Some of the people down town simply sweep the dirt on the pavement onto the street, but many will sweep stores onto the pavements and street. "As to this," said the member today, "we don't propose to pay out \$10 a day of the people's money to sweep these streets, when if the mayor had the ordinance enforced there would be very little to sweep, and the cost would consequently be small. There is an ordinance that says nothing shall be swept on the streets and sidewalks. It is not our business to find some other place for the people to put the trash. We don't care where they put it so they don't put it on the street or sidewalk."

It is understood that the board of works seems determined to open up the administration and compel it to either enforce these ordinances or repeal them.

A CHARITY BALL.

The Henrietta arrived last night from Memphis with empties.

Inspectors John Moore and Abbott Veach, of Evansville, were here yesterday and went to Brookport to inspect the transfer boat DeKoven. They found her in good shape.

Captain James Koger has returned from Jeffersonville, Ind., where he went to inspect the company's new boat, The Kentucky.

The Condor came up from Jeppe and returned this morning.

The Castalia returned from Tennessee river with ties.

The Inverness is due from Tennessee river with ties.

The naming of steamboats by initials cannot be said to be in common use, though there are quite a number so named. The Carrie V. was probably so called, because the young lady for whom she was named, was too modest to allow her name to be used in full. The J. S. is quite a steamboat and would ornament the name, so to speak, of who ever J. S. maybe.

J. S. stands for many things and the public can only guess. It might be John Smith or Jolly Soukrait. When her calliope is heard, it may stand for Joyful Sound, or when her electric lights are burning it may mean Joyous Sight. Perhaps it stands for an unpronounceable name, and J. S. was the easy way out.—Cairo Bulletin.

The Woolfolk is receiving a new wheel and some other repairs at Cairo.

The Jacob Heatherington was towed to Mound City yesterday by the Ariadne, where she will be repaired by her owner.

Says the Courier-Journal: In the ante-bellum days of steamboating, "before the war," no two boats were more popular and successful than the Liberty and St. Patrick in the Louisville and Memphis trade. Captain George O. Hart, of Paducah, was clerk on one, and Capt. Ed Halliday, of Cairo, was clerk on the other. Captain Halliday lives in Cairo and has been here several days on a visit to relatives and friends, though he misses many friends whom he knew in the good old days of steamboating.

ONLY TWO OBJECT

INSPECTOR WARNER SAYS DAIRYMEN WANT STATEMENT PUBLISHED.

Milk and Meat Inspector C. G. Warner states that he has learned, by seeing all the men who sell milk in Paducah, that only two oppose the plan of publishing a table each month showing the quality of milk sold by the various dairymen.

He states that all but two are not only willing to have the statement published, but want it published. As to the richness of the milk being varied according to the species of cows that give it, Dr. Warner says that not a dairyman about here owns Jersey cows exclusively. They all have "mixed cows" he says.

Dr. Warner says he believes the publication of the statement every month will prove of incalculable benefit to the people in Paducah who use milk, and will stimulate dairymen to give the best and purest milk to their customers.

"In many cities in the north," Dr. Warner states, "if milk falls below a certain per cent in quality or purity it

CATARRH DESTROYS THE KIDNEYS.

GEORGE KING.

M. R. GEORGE KING, Deputy Sheriff of Henderson Co., N. Y., for years was a well known merchant of Troy, N. Y., he writes:
"Peruna cured me from what the doctors were afraid would turn into Bright's Disease, after I had suffered with catarrh of the bladder and kidney trouble."
"Peruna is a blessing to a sick man. Eight bottles made me a well man and were worth more than a thousand dollars to me. I cannot speak too highly of it. It is now four years since I was troubled, and I have enjoyed perfect health since."—George King.
A Prominent Member of I. O. O. F. Threatened With Bright's Disease.—Peruna Restored Him to Health.
O. Fred Lindstrom, Past Grand Master Independent Order of Odd Fellows, writes from 1223 University Ave., St. Paul, Minn.:
"I contracted a severe cold several years ago, which from neglect developed into urinary trouble, and threatened Bright's disease. I used Peruna faithfully for three and one-half months, when my health was perfect once more. I have never had any trouble since."—O. Fred Lindstrom.
Catarrhal inflammation of the mucous lining of the kidneys, also called "Bright's disease," may be either acute or chronic. The acute form produces symptoms of such prominence that the serious nature of the disease is at once suspected, but the chronic variety may come on so gradually and insidiously that its presence is not suspected until after it has fastened itself thoroughly upon its victim.
At the appearance of the first symptoms Peruna should be taken. This remedy strikes at once at the very root of the disease.

It may not be really adulterated, but unless it comes up to a certain standard it is adulterated according to law, and every dairyman naturally strives to get his milk up to the top notch. FIFTY NEW MEN ARE TO BE PUT TO WORK

Illinois Central Getting Its Rolling Stock Ready.

Will at Once Work Many Additional Men—New Chief Dispatcher Appointed For the District.

AUTOMATIC GATES ARE READY

An order from headquarters in Chicago affecting every shop on the I. C. system has been received here ordering an increase in working forces in the car shops.

Master Mechanic R. J. Turnbull has received a telegram from Chicago authorizing him to put on 50 extra men in the car shops and Mr. Turnbull will increase the force as quickly as he can procure carpenters.

The business in the car shops here is enormous and today there were as many as 400 bad order cars sidetracked and waiting for repairs. The force at present is large and the urgent necessity to have the rolling equipment in service caused the higher officials to order a ten hour work day. The I. C., which a few months ago was hardly doing enough business to make expenses even when curtailing every possible expense, is now ordering increases in every way, meaning an expenditure of many thousands of dollars monthly. The business is now increasing with such astonishing rapidity that every car is needed, and no expense will be spared in getting all possible equipment into service to handle the freight.

There will be fifteen men added to the Gougeon gang in the carpenter shops and the other thirty-five men will be distributed in other departments, some of the jacking track men and some in the mill and painting department.

The news of the increase will come as a pleasant surprise to the local woodworkers and the woodworking foremen are already busy engaging new men.

Mr. L. Neil, formerly a dispatcher in the Paducah offices, but who has lately been working at Fulton on the Tennessee division of the road, has been appointed chief dispatcher of the Paducah district to succeed Mr. V. H. Stevens, resigned.

Mr. Neil arrived in the city yesterday to make preliminary arrangements and went back last night, returning again this morning. He will take charge of the local office Monday morning and Mr. E. F. North, chief dispatcher of the Louisville district, who has been acting chief dispatcher here, will return home Monday morning.

Mr. Neil is an experienced man and will no doubt make a good chief dispatcher. He stated this morning that there will be no changes in the local corps of dispatchers as far as he knows.

Mr. I. G. Rawn, assistant general manager of the I. C., and Mr. H. McCourt, assistant general manager of southern lines, who were in the city yesterday in conference regarding the handling of business over the Paducah district, have left the city. Mr. Rawn going to St. Louis and Mr. McCourt to Memphis.

The business in the Paducah district is rapidly increasing and one day this week as many cars as 241 were loaded in this district alone, not speaking of the business from other divisions which has to be handled through by Paducah district trains.

By Monday the railroad gates at Broadway and the I. C. crossing will be in operation.

This morning the gate experts were stringing up the wiring and adjusting the gates. The steps to the gate house were built and Monday the gate will be in operation. There are four gates at this crossing, two on each side of the tracks while at Tennessee street there is one set of gates for each track, two in number. These gates will not be in operation Monday, the Broadway gates being more important.

Traveling Conductor Kelley, of the Tennessee division of the I. C., was in

the city this morning looking after the movement of freight trains.

Mr. Kelley will go to the Louisville division to work, having just finished work on the Evansville district. The duties of the traveling conductors are to look after the trains and see where improvement can be made in the moving of trains.

Mr. W. T. Dinneen, special agent of the Louisville division of the I. C., is in the city today on business.

Mr. Harry Judd, the well-known pattern maker, is ill and unable to be on duty.

Trainmaster Henry Schueing and wife went up the Louisville division of the road this morning.

Engineer R. E. McCarty, of the Paducah district of the I. C., went to Princeton this morning on business. This is the first time he has missed his run in many weeks.

Mr. U. H. Clark, chief clerk to Master Mechanic Turnbull, of the local I. C. shops, is in Louisville on business.

POLICE COURT.
Joseph Potter, who was formerly employed about the city hall as assistant city jailer, was sentenced to thirty days imprisonment in the city jail for petty larceny.

Potter loafed about the James Sherrell saloon a great deal and Mr. Sherrell was called to a telephone next door. He asked Potter to keep shop for him until he got back and on his return claims to have missed about \$4 from the cash drawer.

Potter was arrested on suspicion of being the thief and as no one else was in the saloon during the time the property left and returned by Potter's own admission, the court had to attach the guilt to Potter.

Wall Payne and Felix Munley, colored, were fined \$5 and costs for a breach of the peace.

Margaret Tillman, colored, was fined \$10 and costs for a breach of the peace.

The breach of the peace case against Leonard Griffin, colored, was left open.

ABILENA

Abilena is a natural water. It holds in solution salts dissolved from natural deposits in the earth. It is Nature's cathartic compound—a natural mineral water. Mineral waters are recognized everywhere as the most efficient, as well as the least injurious, cathartics. Abilena is the best mineral water on the American market. It is The American Natural Cathartic. The discovery of Abilena was a simple revelation of nature. For a long time after the first well was dug, the water, being unfit for domestic purposes, was not used at all. Practical tests afterward disclosed its medicinal properties and the report of its virtue was rapidly disseminated. Finally several chemists analyzed the water and the results manifested its great therapeutic value and preindicated its future renown. Sold only by

"EGG INSPECTOR"

MUCH COMPLAINT OF BAD EGGS
SOLD AT THE MARKET PLACE.

There is a great deal of complaint
on the market and over the city about
the bad eggs that are sold, and some
of the people even suggested an "egg
inspector," or making it the duty of
the milk and meat inspector to also
inspect eggs, which does not appear to
be very feasible. Few people appear
ever to have heard of an egg inspector.

One well known doctor a day or two
ago bought two dozen eggs and only
three were good. Fully half a dozen
similar cases were recounted to a re-
porter today, but there appears to be
no relief except for everybody to be-
come his own egg inspector and not
buy any but good eggs.

DAVID B. HILL

REPORTED TO BE ENGAGED TO
ACTRESS—SHE DENIES IT.

Hoston, September 24.—The Post
says: "C. B. Mercer, of Buffalo, a
cousin of John B. Stanchfield, the
prominent New York politician, says
that David B. Hill is engaged to Miss
May Irwin and that they are to be
married next January from her home
in New York. Mr. Hill recently gave
out the report that he had retired
from the glare of publicity, but it
seems that he has only just begun.
At the end of the convention Mr. Hill
took a trip to Miss Irwin's home on
the St. Lawrence river, where he
spent some two or three weeks, and
this is the outcome."

New York, September 24.—Miss
Irwin seemed to extract great amuse-
ment this evening from the report
concerning her alleged engagement
with David B. Hill. "It is in accord-
ance with tradition for a theatrical
man or woman to have a press agent,
but does Mr. Hill need publicity?"
asked Miss Irwin, mirthfully. "He
seems to be getting his name in print
several times a day. Of course it's
nice to be mentioned in the same
paragraph with such an eminent gen-
tleman, but I am not going to marry
Mr. Hill. Of course, if the gentle-
man who manufacture rumors insist
that I am to be Mrs. Hill, instead of
Miss Irwin, I suppose I'll have to
grin and bear it. I wonder how Mrs.
May Irwin Hill would look on a bill
board? or such a headline as Mrs.
David B. Hill appears this evening in
"The Lottery Ticket," a political pot
pourri?"

"Will you tip us if you do become
Mrs. Hill?"

"I shall send you a message as
soon as I hear that I am," replied the
comediienne.

OBITUARY.

Given Foster, son of R. L. and
Carrie Foster, was born April 1, 1884,
and departed this life August 31,
1904, age 20 years, 5 months. At the
age of sixteen he professed faith in
Christ and united with the M. E.
church South. Given was an ex-
emplary young man and during his
short life had made many friends who
came to pay the last sad rites of re-
spect to his memory. As we laid
away his body in the lonely grave, it
seemed so sad to think that one so
young, so lovable, just entering young
manhood, should be cut off by the
hand of death. But we know that
our kind heavenly Father makes no
mistakes, and that while he, in his
infinite wisdom, has called his loved
one away, and left many hearts sad
and sorrow-stricken; yet, we feel that
it is a part of the divine plan, and
that we should bow in humble sub-
mission to His will. Besides his father
and mother Given leaves five brothers
and seven sisters to mourn their loss
of one they loved so tenderly.

But in the midst of their deep sor-
row and affliction their hearts are
comforted with the precious thought,
that this separation is but for a little
while, and that Given has only gone
on before and will be watching and
waiting for their coming, and that
soon they can join him in the "bright
forever" where no tears will ever dim
the light of a loving eye, where no sad
farewells will ever be spoken.

"Is it not sweet to think hereafter,
When the Spirit leaves this sphere?
Love with deathless wing shall wait
her,

To those she long hath mourned for
here?"

"Hearts from which, 'twas death to
sever.
Eyes this world can ne'er restore,
There as warm, as bright as ever,
Shall meet us and be lost no more."

I earnestly recommend it to any one

baker's "official" standing of the K. I.
T. clubs as follows:

OFFICIAL STANDING.

P. W. L. Pet
Cairo, 121 74 47 .612
Paducah, 121 67 54 .554
Clarksville, 121 64 56 .533
Henderson, 122 56 66 .459
Hopkinsville, 121 54 67 .446
Vincennes, 121 50 71 .413

The Bulletin adds:

There was but one postponed game
left unplayed between Vincennes and
Clarksville, but if this had been played
by Vincennes, it as well as Henderson,
would have played one more game than
provided for in the schedule. The game
played at Henderson on Sunday, June
26, was won by Vincennes. It was un-
derstood at the time that two clubs
would drop a game later on from the
schedule.

In the standing only the first game
played on Labor Day is counted; as the
schedule provided for only one game and
no one had authority to order another
to be played as under the league con-
stitution the schedule was adopted be-
fore the opening of the season and once
adopted could not be changed except in
so far as the transfer of games from one
city to another was concerned. Neither
of the two games forfeited to Clark-
ville and Hopkinsville by Paducah for
non appearance in the field in its home
town by the Indians, who were on a
strike and later played over at the in-
stance of that willing tool of Paducah,
Pres. Thompson, who, desiring to see
Cairo defeated, was willing to stultify
himself and arrogate a right which no
one, not even the league itself, posses-
sed. No change is made from the face
of the returns as the throwing out of
protested games, there being the Good-
win and Miner and Cross cases, are mat-
ters for the league to decide.

It will make no appreciable difference
in the relative standing of Cairo no
matter what may be done in these cases
by the league.

Paducah cannot truthfully charge the
league secretary with falsification of the
returns as they are compiled from the
score sheets sent in by the scorers and
they can be verified by the score books
in the possession of the individual mem-
bers of the league.

"Pres. Thompson, without authori-
ty of the constitution fearing exposure
regarding the illegal use of his authori-
ty, will not come to Cairo on Sunday,
but has issued a call for a meeting at
Paducah. Cairo will not attend, not
recognizing the meeting as legal, but on
Monday will run an attachment on the
funds in the bank here to secure its
guarantee fund, its portion of the re-
ceipts of Labor Day, which have never
been paid it, and for the \$25 allowed the
club for winning the championship. This
will bring the entire matter and records
in the possession of the league secretary
before the courts, which will pass upon
the subject in its entirety. Thompson
has played the dog in the manger too
long for Cairo, as it is a case with him
of trying to give Cairo the worst of it
at every stage and it wants no more of
him and his crooked methods."

The Vincennes, Ind., man will go to
Cairo. The Vincennes Capital says:

"C. C. Gosnell will leave Saturday
night for Cairo and Sunday will meet
with the officials of the league. Secre-
tary Farnbaker has issued a call for a
meeting at Cairo while the constitution
says the meeting will be held in the city
winning the pennant. The secretary has
the say, and as he says Cairo gets the
pennant, the official meeting will be held
at that place, and not Paducah. It is
doubtful if some members of the league
will attend because of the meeting being
held in Cairo, but it is believed that
enough will be there to transact the
business. Those members of the league
who follow Farnbaker, follow the con-
stitution, for a better posted man on the
game and rules is not to be found in
this part of the country."

A great deal of interest is being taken
in the K. I. T. league meeting to-
morrow. The indications are that part
of the league members will meet here,
and the secretary and possibly repre-
sentatives of one or more of the cities,
at Cairo.

The Cairo Bulletin, doubtless on the
authority of Secretary Farnbaker, says

**REV. DR. LLOYD WILL PROBABLY
ACCEPT THE BISHOPRIC**

Kentucky Episcopalians are looking
forward with great interest to some ex-
pression from the Rev. Dr. Arthur S.
Lloyd, of New York, who was elected
bishop of Kentucky by the diocesan
council in Louisville Tuesday afternoon,
says the Courier-Journal. In reply to
the telegram sent to him by Dr. J. G.
Minnigerode, president of the council
Dr. Lloyd replied in a message:

"Thanks for the message. I appre-
ciate the honor. Am looking for letter
with interest."

The letter to which Dr. Lloyd refers
is the formal letter of notification, which
has already been sent. Any utterance
which Dr. Lloyd would make at present
would necessarily be noncommittal, as
the formalities are closely adhered to.
A notification committee has been ap-
pointed, with Dr. James G. Minnigerode
as chairman. The members are the Rev.
Drs. J. K. Mason, Reverdy Estill and
Charles E. Craik; W. A. Robinson, of
Louisville; R. W. Covington, of Bowling
Green; A. E. Richards and James Rank-
in, of Henderson.

The letter states that should Dr.
Lloyd desire, the committee, or a por-
tion of it, will go to New York to confer

with him. In case he does not wish it,
he will make his decision known before
the Episcopal convention begins its ses-
sion in Boston October 4. If he accepts,
the action of the Kentucky diocesan
council will be ratified at that time.

DR. LLOYD WILL ACCEPT.

New York, Sept. 24.—While it is gen-
erally understood at the headquarters
of the board of general missions of the
Episcopal church here that the secretary
of the board, the Rev. Dr. Arthur S.
Lloyd, will accept the bishopric of Ken-
tucky, to which he was elected Wednes-
day, he refused to say whether he would
or not.

"I have not been officially notified of
the election," said Dr. Lloyd today, "and
it will probably be two weeks before the
notification committee arrives in New
York; therefore it would be very indeli-
cate for me to commit myself one way
or the other. In fact, I would not an-
nounce my acceptance or refusal even
then. The election Wednesday is not
final. That has to be ratified by the
Episcopal convention, which convenes in
Boston on October 4. I will tell the no-
tification committee first of my deci-
sion."

as a whole. The returns will be canvass-
ed and verified by the score books of the
league which will prevent falsification
and the only way in which Cairo can
be defeated is for the league to trample
under foot the constitution and stultify
itself.—Bulletin.

The Cairo Bulletin says:
"Cairo, Vincennes, Paducah, Evans-
ville, Washington and Marion, Ill., will
form an ideal circuit for next year.
Jacksonville and Danville may be in-
duced to apply for membership at the
meeting to be held in January."

WILDER GOES TO MINNEAPOLIS
Evansville, Ind., Sept. 24.—Percy
Wildier, of this city, who pitched for the
Cairo team of the K. I. T. league last
season, has been signed by the Minneap-
olis team of the American association
for next season. He was one of the star
twirlers of the K. I. T. league. His
brother, Dick Wildier, lives at Ashland,
Ky.

Catcher Land and "Red" Bohannon
will arrive today to spend the winter
in Paducah. Land has been drafted
by Pittsburg, but may be with Paducah
next season. Bohannon is third
baseman for Henderson, and may also
be with Paducah. They desire to get
positions here and will arrive tonight.

CORRECTED DAILY

A Bermuda Fisherman's Daughter

By Kate Upson Clark

Copyright, 1904, by Kate Upson Clark

"You lie, Martin Mears! You know that you lie!" she cried huskily. "You make me creep and crawl! Go away!"

Go away? And, thrusting her hands toward him with a gesture of utter loathing, she rushed into the house.

She had been in a sort of stupor for the last few weeks. Now she was wide awake and her soul was on fire. How could she find out whether what Martin said was true? She had wandered past John Masters' mother's home in Warwick. She had seen his sisters driving in their pony carriage. She had come near throwing herself in front of them and crying. "For heaven's sake tell me if John is living—and where is he?" But nobody was supposed to know that she was anything to John Masters—and her pride had kept her silent. Now she would know. She would go to his home and inquire. There was no one to go with her, but that made no difference. She would go as soon as she could get ready in the morning.

Dressing herself the next day with uncommon care, she set forth. Yes, Mrs. Masters was at home. Brenda had written her name on a plain card which she handed to the maid. She heard Mrs. Masters coming down the stairs. She rose, but her tongue cleaved to the roof of her mouth. Then it occurred to her that of course John was living. If he had died everybody would have known it. What a fool she had been to come here! Yes, Martin was right. He had a certain hard sense which she had always admired in him. Or perhaps she could get out without seeing anybody, after all! Her agony almost escaped from her in shrieks.

"Did you wish to see me?" A cold, stately personage stood before her. Brenda remained standing. She saw that the woman recognized her. How much had John told her? Oh, what should she say?

The haughty woman waited, staring at her. A pitiful smile crept over the girl's face underneath her dotted veil. She put her hands out as though to catch hold of something. Then she tottered and fell. The satin sofa caught her, and the cold woman was warmed up to the extent of lifting the fainting girl's veil and pulling off her gloves, while she rang the bell for assistance.

Before anybody could assist her Brenda had come to herself and had sat up on the sofa, looking the proud mother before her full in the eyes.

"Tell me," she said breathlessly—"tell me before anybody comes—is John well? Tell me! Tell me!"

"Yes," said John's mother, a scorn creeping over her handsome face, which was the counterpart of her son's. "I cannot imagine why you want to know. But John is truly established in New York. We have many friends and relatives there, and he is very happy."

"Oh, no, no!" breathed the girl, tears streaming slowly down her face.

"So he writes," pursued the mother mercilessly.

"Tell me," Brenda said presently, with all her courage—"tell him that I am glad that he is happy." Then her eyes of pride gave a great recoil, and she, knowing the words or fairly knowing that she was uttering them, she added, "Tell him that I—I am going to be married."

Somehow she emerged from the house and made her way home. She felt that everything was gone, and it did not make any difference now what became of her. She might as well please her father and mother and do what she could to make their lives easier. She broke into the quiet living room at home as though she were crazy.

"Mother," she said, "you may tell Martin Mears that I will marry him."

"When?" gasped the startled mother. "Tomorrow." And it was done.

Five years passed, and Brenda was the mother of two children. They were girls, with all of her blond beauty. Martin had been a devoted husband. He had put Brenda's brother Digby in the way of earning well, and all the comfort which the family had anticipated from the marriage had been realized.

One day Brenda was in her store-room, when in moving a small box of her husband's, which he always kept locked, it fell to the floor. The lock broke, and a package of unopened letters dropped out. Brenda's blood froze in her veins as she looked at them. They were addressed to her in the handwriting of John Masters. She tore them open feverishly and read them—letters full of love at first, of agonized doubt and fear later, then of despair. One letter had been written after her marriage. "Oh, how could you leave me, my darling? Could you not wait for me? Have I not done all that I could for you? You have stripped life forever of all brightness for me. Oh, if I could only know what has come between us!"

She wept in great gusts of passion as she read on. And her husband had kept these letters from her. She hated him.

When he came to his dinner the letters lay beside his plate. He recognized them instantly. One of the children was taking its noonday nap. He sent the other to be fed by the negro woman in the kitchen. Brenda was sitting in her place colorless and her eyes fixed on him and burning with reproach. He gazed at her a moment. Then he dropped upon the floor and groveled at her feet, and she spoke for the first time.

"How could you, Martin; how could you?" "Oh, I know it wasn't right, Brenda!" he said hoarsely, "but I loved you! You don't know how I loved you! Nobody ever loved anybody so. I had to have you, and so I got Digby to get the letters, and I paid him not to let you have them. Oh, it wasn't right! But it was the only way that I saw to get you. And haven't I been good to you, Brenda? Haven't I done everything for you?"

She rose and left him. His touch seemed to poison her.

A week followed of horrible, silent suffering for them both. Then came a scene which she had pictured to herself for many years. Even since her marriage she could not help sometimes imagining it, though she had tried to be a good and faithful wife to the one who, as she now knew, had robbed her of the only man whom she had ever loved.

John Masters came back to Bermuda. She knew nothing of it until he appeared before her, though her husband had piloted in the steamer which had brought the exile into harbor on the previous day and had seen him among the passengers. He came to Brenda's home in the sweet twilight of a May evening. She was playing with her children under the blooming oleanders.

He entered the gate almost like an old man, though he was scarcely thirty. His face was strongly marked and his hair was streaked with gray. She had grown more beautiful than ever with motherhood. He turned pale as she came forward and took his hand. There were no formalities between them. She spoke as though they had been parted only a short time.

"I never got your letters until last week, John," she said simply. "I am married, as you know. These are my children, but I married in a fit of wounded pride and despair because I did not hear from you. I know now that I have always loved you just the same, though I am prepared to live on with my husband and to try to be a good wife to him and a faithful mother to my children. Come and tell me about yourself."

She led him to the vine wreathed porch, and they sat down together on the bench. The evening wore on. The negro nurse put the children to bed. Still the nurse put the children to bed. Still the nurse put the children to bed. Still the nurse put the children to bed. Still the nurse put the children to bed.

He heard a description of what the true love of his wife had suffered. He heard her tell John Masters how she had watched and waited for a letter, then how she had married, but how an awful mystery had hung over her through it all and had made her different from her old self and like a person in a dream. Martin Mears groined to himself. It was all true. She had been kind to him, but it was the kindness of one who knows not what she does.

Suddenly a light began to shoot up from the east.

"Is there a fire, Brenda?" asked John Masters.

She looked steadily for a moment toward the new light.

"The sun is rising, John," she said. "We have talked all night, though it has seemed but an hour. It is the last day for us. You must go, and you must never come back. We must never see each other again."

She broke into a piteous sob. Martin Mears heard the man sob, too, as he tried to still her.

"Don't, Brenda!" he pleaded. "It is harder for me than for you. Remember that. I would love to gather you in my arms and comfort you. I could do that in the old days, but not now. You are another man's wife. It is true that he is a villain, but you are still bound to him. Our only solace must be that we have always been true, and I shall be yours until I die."

The man's self control and high principle astonished the listening husband.

"He knows that I hear all that he says," he muttered to himself, "but he knows, too, that whatever he might do I could not say anything." He withdrew upon his bed in an agony of remorse.

He rose presently and passed them, jostling them rudely as they stood, pale and wretched, at the gate in the dawn.

During that day he fell over the side of his pilot boat—that was what the seamen said, and, indeed, the ocean was very rough—and was drowned.

John Masters went back to America the following week, but a year later he returned and claimed his bride.

Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy.

A druggist at Macon, Ga., says: "I have sold a large quantity of Mother's Friend, and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lambert, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

MR. GRAHAM BACK

HE SAYS HE BROUGHT MANY VOTES OVER FOR HIS PARTY.

Hon. J. Will Graham, who has been making populist speeches in Marshall county this week, returned this morning, and states that he made many speeches during the week all over the county, and had good crowds.

Mr. Graham is a good talker, and had good crowds.

"I have brought many of the Populists back to their party," he said today. "You would be surprised to know how many people came to me voluntarily and said they intended to vote the Populist ticket in our county from the Democrats, who have surrendered to Wall street, bag and baggage."

In addition, I find that many of the Bryan Democrats are going to vote for Tom Watson this time. There is much enthusiasm in Marshall, and I know everybody there and know that the men who tell me that they are going to cut loose from the Democratic party, will do it."

Mr. Graham intends to make many other speeches during the campaign, and says the Populists will make a showing all right in the coming election.

THE CLEAN THING

IS WHAT FANS IN PADUCAH SEEM TO WANT IN PENNANT DISPUTE.

Secretary Farnbaker, of the K. I. T. league, has sent to a number of persons in Paducah, including newspaper men, an invitation to come to Cairo tomorrow and see "the doings," as he calls it.

It seems from what local fans say that no one wants Paducah to get the K. I. T. pennant if Paducah is not entitled to it. The secretary says that Paducah has not won it, and the general opinion seems to be that the league ought to meet at Cairo tomorrow and settle it. The fans in Paducah are dead game, and want no pennant if it has to be taken with a cloud over the title.

It is claimed by some that Farnbaker is not secretary of the K. I. T. league, but he has been acting as secretary all the time, and the umpires and official scorers have made all their reports to him and been paid by him. He has the records and the funds, and he has called the meeting for Cairo.

If Cairo has not won the pennant, it will easily be shown. Every club in the league has not only a duplicate of the summary of every game it has played, but also the score books to back it up. If the record claimed by Secretary Farnbaker to be correct is not correct, or if there has been any crooked work done, the only way to determine it is by holding a meeting, going over the records, and finding out who is right. Until this is done the two factions will be as far apart as ever, with Paducah's title under a cloud, and Cairo holding the records and money.

Mr. Arthur Bailey has withdrawn as a candidate for secretary, and will not be a candidate as long as Mr. Farnbaker is a candidate.

SHOT HIS FATHER.

An Exciting Affray in Livingston County.

Thursday morning Isaac Linley, an attorney and leading farmer of Salem, was minus a fore finger and his boy, Tom, had a sore head on account of the latter's drunken spree and ill humor, says the Marion, Ky., Press.

Late Wednesday afternoon Tom, aged 22, went home in a drunken state to secure a horse to ride or drive to Lola. Not knowing of his son's intentions, the father had turned the horse into the pasture. Upon not finding the horse in the stable Thomas became very angry with his father, abusing him and chasing him about the place with a revolver. It is reported that a scuffle ensued and Mr. Linley was trying to take the weapon from the young man when an accidental shot cut off the left fore finger of the father.

Mr. Linley at once went to the drug store of N. R. Farris & Co., to have the wound dressed. The young man followed him to the store and attempted entering when N. R. Farris, being unable to stop him any other way, struck him on the head with a baseball bat, which quieted him, but for fear of his again becoming aroused, Mr. Linley remained away from home over night.

WORKED A BLUFF

STRANGER ORDERED MONEY HANDED OVER BUT HAD TO DIG.

Scott Overton who has a place of business at 1024 So. Tenth street, had rather an unusual experience yesterday evening shortly after dark with a white stranger.

He was behind the counter when the stranger came in.

"Have you got a gun about the place?" the visitor interrogated. Overton replied that he did not have a weapon.

"Then give me all the money you have got in the cash drawer and be quick about it, too," he commanded. Overton reached down as if to pull a gun and worked his bluff perfectly, the stranger leaving in haste. This is one of the boldest attempted holdups reported to the police in some time.

TO MEET HERE

IMPORTANT CONFERENCE TO BE HELD HERE NEXT YEAR.

Rev. R. W. Chiles and his estimable wife report a profitable annual conference with their missionary brethren, which convened in St. Louis, September 13 to 19, with free entertainment by the president, Rev.

M. B. Gott, and co-workers, at the training school property of the Union Mission Association, 294 Morgan street, with representatives from all over the United States. Reports showing a great work being done among the poor and needy of our land, by this humble, yet important wing of the church. They received such inspiration as to confer a compliment upon our Kentucky home people by inviting the conference to convene

at Paducah the second Tuesday in September, 1905, and give a notice in time to the citizens of the town to throw open their homes and hearts to entertain the mission workers of the Union Mission Association of the United States. He brought home with him one of the conference evangelists and now has a revival on hand at the Mission Hall, 431 South Third street to which everybody is made welcome.
